2012 - 2014

2015 - 2019

Primary School
Nairobi Primary School

Highschool
Sacho Highschool & Kapropita

2001 - 2010

ACHIEVEMENTS

MEST Incubator Tech Program | Class of 2023

- 1 year in an international training program
- Approximately 50 entrepreneurs in training are picked across Africa and trained on how to be globally successful entrepreneurs
- Teach software programing, communication and business classes in order to build their own tech based startups
- Being picked from a rigorous interview process has been one of my greatest achievements in terms of pitching my business to an international MEST community

Global Goals Model UN | 2019

- Volunteered in an international model UN, based in Bangkok Thailand
- I represented my own country as a delegate and debated on topics such as world crisis and SDGs
- Learnt a lot of skills on negotiation, critical thinking and diplomacy

Girls Code KE | 2018

- An NGO company that served in teaching high school girls how to code
- We held 1 week boot camps over school holidays
- I worked as a facilitator in coordinating the boot camps as well as teaching several classes
- This enabled my passion on teaching STEM related topics to the African child
- I was also the director of operations and oversee meetings with possible sponsors such as Africa's Talking KE

HONORS

Zindi Data Science Design Challenge | 2023

1ST Runners Up Prize

ZINDI Zindi Africa

UI/UX Design Challenge

International design challenge designed to re-brand a better profile for their platform that would cater towards their different audiences

Nairobi Hackathon | 2017

Winning Team

 AngelHack, Facebook, Microsoft

Design Agriculture-based MVP

Amongst over 200 participants, our team which comprised of only girls was chosen for coming up with the best solution that was doable at the current stage and innovative
